

Posi-Clear™ RP

Cartridge Filter

by Sta-Rite®

Introducing...the most efficient single cartridge filter system ever

The Posi-Clear RP filter gives you everything you could ask for in a filter. This new design is nearly 50% more efficient than any other single cartridge filter on the market. At the same time, it delivers top-of-the-line cartridge performance to keep your pool sparkling clear. And cleaning is a breeze—its quick-connect ring makes maintenance a cinch—just open the top, remove the cartridge, hose it off and the Posi-Clear RP filter is ready to go again.

The Posi-Clear RP filter has a side entry port to optimize flow and energy efficiency. And inside, we've maximized the cartridge surface consistency to block and trap particles as small as 20 microns (an average grain of beach sand is 1,000 microns!).

Plus, its durable, fiberglass-reinforced tank ensures exceptionally long life.

- Unmatched hydraulic efficiency—nearly 50% more energy efficient than other single cartridge filters.
- Cartridge is easy to remove and rinse.
- Quick-connect union with diamond seal assures easy installation and servicing.
- Single-piece base and tank are constructed of fiberglass-reinforced polypropylene for strength and chemical resistance.
- High Flow™ Manual Air Relief Valve and continuous internal air relief work together to maintain optimum filtration efficiency at all times.

Posi-Clear™ RP Cartridge Filter

- Low-force clamp ring opens and closes easily for quick access to cartridge
- Single-piece fiberglass-reinforced polypropylene tank for strength and corrosion resistance
- 2" x 2½" plumbing for maximum flow; side entry maximizes energy efficiency
- Easy access 1½" drain

Model Number	Filter Area Sq. Ft.	Vertical Clearance*	Filter Diameter	Flow Rate GPM	Turnover Capacity-Res. (Gallons)		
				Res.**	8 hrs.	10 hrs.	12 hrs.
PXCRP100	100	61"	15.5"	100	48,000	60,000	72,000
PXCRP150	150	76"	15.5"	150	72,000	90,000	108,000
PXCRP200	200	76"	15.5"	150	72,000	90,000	108,000

*Required clearance to remove filter elements
**Maximum flow rate

Efficient and carefree...by design

The Posi-Clear RP filter's side entry design optimizes flow for greater energy efficiency. It features an easily-cleaned cartridge for the ultimate in carefree pool filtration. The fiberglass-reinforced tank halves are secured with an innovative clamp ring—just loosen the ring and remove the top half for easy cartridge access and rinsing. Filter maintenance doesn't get any easier.

- 1½" drain cap and washout for quick and convenient maintenance and winterization.
- Innovative lock-ring requires only an easy half of a revolution for a leak-proof seal.
- Single piece base and body designed for maximum durability.
